

## **Director of Operations**

Aerial Data Service, Inc., a leading geospatial company, is seeking a versatile, experienced Director of Operations to join our team.

**Location:** Tulsa, Oklahoma

**Job Type:** Full-time

**Salary:** Competitive salary commensurate with experience

**Job Description:** The Director of Operations will play a key role in our company's success by overseeing the day-to-day operations to ensure maximum efficiency and profitability. You will work closely with senior management to develop and implement strategies to optimize the company's processes and resources.

### **Responsibilities:**

- Review and revise current production workflows, processes, and technology requirements
- Manage budgets, expenses, and financial performance to meet or exceed revenue and profitability targets
- Develop and maintain relationships with key partners, clients, and vendors
- Ensure compliance with contract requirements and company policies
- Lead and manage a team of operations staff, including hiring and performance evaluations
- Collaborate with other departments, such as sales, marketing, and commercial and federal production, to ensure seamless operations across the organization
- Monitor industry trends associated with technology and best practices

### **Requirements:**

- Bachelor's degree in Business Management, Geospatial Science, or a related field
- Minimum of 10+ years of experience in geospatial, GIS, or remote sensing operations with a proven track record of success
- Strong leadership and management skills, with experience leading a team of operations staff
- Excellent problem-solving and decision-making skills
- Strong communication, organization, and interpersonal skills
- Ability to build a collaborative team and ensure that employees are cross-trained
- Ability to thrive in a fast-paced, dynamic environment and adapt to change

If you are a self-motivated and results-driven individual with a passion for operations management and geospatial technology, we want to talk with you. Apply today and join our team of industry-leading professionals.
